Hi Everyone,

As you know we have been having terrible problems with our email. So, to correct the situation we have decided to use “Mailman Mailing List”. It is a web-based platform which we used many years ago, so it didn’t take me too long to set it up. What will take longer is uploading all the email addresses on our mailing list. So, some will receive the newsletter through the new mailing list this week and some will still receive it via regular email from who knows what address until we have all the email addresses in the mailing list.

If you were already receiving the newsletter, we put you on the list without a welcome email. We also have many old email lists which we have not used yet but are working on. Some of our old lists may have duplicate emails on them and so if you had recently unsubscribed you may end up back on the list until we get this all sorted out. If that happens just unsubscribe again and we will keep track of it this time. Please be patient as we add more emails into the list.

So, look in your junk mailbox and direct these emails to your inbox.

Darwin & Laura Lee (4-9-2022)

Hi Everyone,

We have been having terrible problems with our email lately. So, we took the auto responder off for now and Microsoft keeps blocking the account when no emails have been sent but then it gets unblocked and works for a time. This morning Microsoft sent a message saying that our account is not working, something we have known for a couple of weeks now. It seems impossible to contact them to fix it and I have yet to find how to do that. So, we will use the church account to send out the newsletters if we can but if we can't, we will use other email addresses temporarily. So, look for it in your junk mail if it does not appear in your inbox. The subject line will reflect the newsletter, so look for that email each week until we get this fixed.

Reaching Your Destiny!

Get ready for blast-off with this powerful teaching from Lance Wallnau. What will make you unstoppable? Knowing your God-appointed assignment!

That is your Destiny if you heed the calling that God is placing upon you. Lance, in his unique style, relates the case of a man who had died from a heart attack. Undaunted, his wife knew that her husband's earthly assignment was not yet finished. She rebuked his death which stunned those who witnessed the impossible. This story will inspire you to never quit.

Another problem affecting God's people is their becoming dull of hearing. Lance explains that those believers involved in a previous move of God are the very ones who persecute those involved in the next move of God. Jesus Christ was largely rejected by His own people. Why? Lance puts his finger on the problem. Why does our preconditioned thinking become a hindrance to seeing any new concepts or revelation that God may reveal?

"Behold, I am about to do something new; even now it is coming. Do you not see it?" (Isaiah 43:19). We must allow God's Spirit to guide us to new revelation and destinations or we may become a pillar of salt frozen in place.

This video also promotes Lance's new Level 10 coaching series. This free video alone is full of spiritual riches that will launch you toward your Destiny. Get inspired and get motivated!

YHWH in DNA

This is food for thought. If true, it has profound implications.

"As in the days of Noah" is something that we need to comprehend the meaning of in a practical way. What were those conditions? It was more than marrying and giving in marriage.

Those weren't wrongs in themselves, the point of that statement was to point out the complete obliviousness among the general population of their total unawareness as to what was going on.

The "New" Church of God Messenger
A Newsletter for the People of God
April 9, 2022 --- Issue No. 62
Church News

That for sure is the condition of our time. Most are completely CLUELESS.

Now, this brings out the statement that "Noah was perfect in his generation". [Gen.6:9]

What is that indicating? Some have posed just that he was pure in his whiteness (race).

I don't think it was a racial matter. His 3 daughters-in-law were of varying racial stock.

Perhaps it's something more basic than that. Could it be rather his unadulterated DNA?

We can wonder WHY God would choose to eliminate ALL living beings back then.

Could it be that their DNA had been invaded and manipulated by the spirit world?

Had the general population SEVERED their connection with their Creator?

Was there no possibility of reversing this situation - ever?

Were spirits able to 'marry and be given in marriage' with humans anciently? Was that their means, and is that what Jesus intervened to put an end to in the lead-up to the Flood? [1 Pet.3:20]

Profound if true! We need to allow the possibility. Those verses DO mean something! Our old take on Gen. 6:4 might have missed this possible explanation.

What was the need for His intervention while the Ark was being prepared - and involving the spirit world?

(The timeframe is interesting!) Did the spirit world have means of interbreeding or in some way altering the DNA which (it's alleged) contains the Name of God? (as per this)?

Restraints were imposed on them, disallowing them something they had been able to do previously.

It would explain the NEED to terminate all human life, if altered human DNA was the issue. Just something to consider.

I would suggest you forward this, if you do, very selectively! This isn't for everyone!

Under Your Skin?

If you think that I have gotten "under your skin," then wait until you see what is just over the horizon. The technology is already here. What future crisis may spill onto the world stage to justify the implementation of such technology on a mass scale is yet unknown. Bible prophecy warned against such a thing thousands of years ago.

Lance Wallnau in this short video reveals the insidious plans of those who want "free-will" to be eradicated with mind-control technology to keep everyone compliant to government dictates. No more protests or revolutions when you have turned your electorate into living zombies. No more resistance to government-imposed directives. How will this all come about? From chaos and turmoil, the need to establish order at any cost becomes the dominant objective. Even today, people with chaos in their lives turn to drugs to cope with the stress of life. Would such future mind-control technology offer peace of mind as a better means of eliminating any personal confusion and depression?

"Get your implant today and eliminate stress and worry from your life. Never suffer any emotional pain again. Free yourself from the turmoil and confusion of freewill. Let the superior mind of our wise leaders direct your life."

Be sure to watch this short excerpt from Lance's full podcast. It is chilling to say the least: <https://youtu.be/BiBHE16Zebc>

Missile Attack Warning!

This first video with Erick Stakelbeck details the looming threat that Iran poses to Israel and the world with their growing inventory of missiles. Isaiah 17:1 proclaims, "Behold, Damascus is no longer a city; it has become a heap of ruins." It has been speculated that Damascus may someday be leveled by a nuclear bomb. What may bring this about?

Look at a map of the Mideast. Damascus is much closer to Israel for launching missiles than Iran. Just as with the missile attack against Israel from the Gaza Strip not long ago, the missile launchers would be located in highly populated areas within the city of Damascus. Any defensive counterattacks

by Israel that would harm civilians would bring condemnation by world leaders. Yet, if a nuclear armed missile should hit Jerusalem or close by, then Israel would be forced to stop any more such attacks with a nuclear countermeasure. (See the 2002 movie, "Sum of All Fears," with Ben Affleck and Morgan Freeman. This movie begins with the outbreak of the Yom Kippur War in 1973 where Israel fought for its very survival. According to the movie, a plane was launched with a nuclear bomb to stop invading ground forces, if need be, from overrunning Israeli forces.)

In the next video, Erick outlines how Russia will use the Iranian Deal to its advantage by building nuclear power plants for Iran which will benefit the objectives of both nations. Then Dr. Steve Turley, in the third video, warns of the decline of the Petrodollar if Saudi Arabia should decide to accept the Chinese Yuan for any oil deals with China. How would this impact the U.S. dollar and the economic consequences for America? Be sure to catch Dr. Steve's analysis. This short video is a follow-up to his prior video that I highlighted in my email on February 26, 2022. Things are shaping up for the fulfillment of Bible prophecy. Wrecking Ball Prophecy?

Confused by the time change? Don't be! Lance Wallnau presents God's Master Plan which makes it all clear. Are Christians supposed to just endure to the end while waiting for the Day of Redemption at Christ's return? Or does God have a plan that requires us to take action now?

We can hide in our bunkers, or we can be a light to the world for the betterment of those who will respond to God's Light and Spirit. Take 20 minutes to hear this uplifting message from Lance: <https://youtu.be/2ROQvD4C8yl>

Liz Wheeler hits a raw nerve with this report. America took the bait, and we are now paying for it at the gas pump with rising prices on other goods not far behind. This revelation from Liz should help wake up America to the grim reality of the importance of fossil fuels in our modern world.
